ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any lots may be inspected prior to the sale. Collector is liable until received by us. Collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

**25th EDITION (1972) GUIDE BOOK, PAPER MONEY 6th EDITION,
"TRENDS" AND OTHER AUCTION RECORDS
USED IN CATALOGING**

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred ninety successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 11¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

PAUL KAGIN

TO MY SON --- Attorney Albert Hoffman

70 West 6th Denver, Colorado 80203

People express their good wishes in many different ways. I am using this means to let my friends know I am very proud to be your father-in-law. Knowing the values your fine parents taught you and knowing you these past half dozen years, I am confident you will retain your integrity and sincerity as your law practice continues to grow.

I know how hard you have strived and are still striving to build your practice. This is but one of the reasons for your removal to a new expanded office. As you continue your practice, I know you will always keep your clients interest uppermost in your heart and mind. Knowing you as I do, I am sure you will be as dedicated to your clients as a doctor is to his patients. In the field of Numistatics, I know you are well qualified to give advise concerning legal problems; whether it is the disposition of a coin collection or others.

Agan I repeat, I am very pleased and proud to have you as my son.

PAUL KAGIN

IMPORTANT MESSAGE

For years we have counseled and helped advise those wishing to acquire coins and currency as an investment. We define investors as those willing to adopt a program envisioning a minimum of several years. Suffice to say — that in our **thirty-nine years as professional numismatists** the results have been most gratifying.

We believe the various reference books are excellent guides — But **ONLY THAT**. We doubt if an intelligent person would attempt to become his own “lawyer” after reading a law book, or give himself medical treatment after reading a medical book.

Why then would an intelligent collector, who devotes himself part-time to numismatics, feel he would be as well equipped to give the best answers in building a numismatic investment as part of his estate, compared to a **PROFESSIONAL WHO HAS DEVOTED OVER A THIRD-OF-A-CENTURY TO THE STUDY AND RESEARCH OF NUMISMATICS AS A FULL-TIME PROFESSION**.

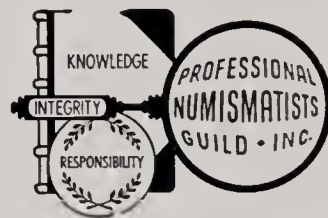

The very nature of this type of **PERSONAL COUNSELING** (A. M. or Paul Kagin) precludes it becoming a widely offered service. We are prepared, at this time, to continue offering this service to an additional few discriminating collectors as replacements for the normal attrition which has transpired during the past year.

We feel the experience gained in cataloging over 295 sales (a record that speaks for itself) enables us to offer the ultimate in counseling service.

The relationship with our clients is (as has always been our policy) of a fiduciary and confidential nature.

599. 1805 4 Berries, Virtually Uncirculated, pinpoint edge nick, interesting die break in field. Scott catalog states, "Often found with weak borders" (this is the Rare die state with sharper borders than usual). Scott states, "EXTREMELY RARE IN UNC., VERY RARE IN E.F." This unusually Choice specimen worth 600.00

612. 1827 Glittering Golden with PROOF SURFACE BOTH SIDES. A GEM specimen acquired as a PROOF (which it could very well be). Early proofs, particularly dimes varied in quality of manufacture depending on the degree of polish given to the planchet and the number of blows administered by the dies in striking. While this specimen does not have the appearance of proofs made in the 1860's and later, we believe "special care" was given at the time it was made (possibly for some V.I.P., Senator, Representative, European museum, etc.) We note that the Miles Sale (Stacks 4/69) did not have this date in proof, however the comparable 1829 Proof realized 800.00

EARLY HALF DIMES

820.	1794 FLOWING HAIR, BLUISH GOLDEN UNCIRCULATED, faint line on neck (resembles die break) Sharp edge denticles around both sides. Close examination with a glass reveals just the barest rubbing. In strong demand by both type and date collectors. RARE. Catalogs	1,725.00
821.	1795 Extremely Fine, minute nicks, RARE. E.F. worth \$750, this worth V.F. price of	525.00
822.	1796 DRAPED BUST, normal date, Very Good to Fine obverse (nick on neck, uneven wear, nick on edge) with date a bold Very Fine. Reverse Fine to Very Fine (uneven wear but eagle sharper than generally seen, edge nick). SCARCE TYPE AND DATE. Well worth "Fine" price of	375.00
823.	1796 LIKERTY, Bust Very Good (nick on neck, etc.) but rest of Obverse and all of Reverse Very Fine. Catalogs V.F. \$750, this worth about	500.00
824.	1801 LARGE HERALDIC EAGLE, Virtually Uncirculated, only barest friction; considerable luster, lovely Glittering Blue and Golden patina. May actually be Uncirculated with the typical softness of strike characteristic of date, thereby giving the illusion of friction. A GREAT RARITY IN THIS REMARKABLE STATE OF PRESERVATION! PROBABLY "CONDITION-CENSUS" AS SCOTT CAT. STATES "UNKNOWN IN UNC., EXTREMELY RARE IN E.F." Well worth in the neighborhood of	2,000.00
825.	1805 Extremely Fine & Choice with characteristic striking (slight weakness tip of bust although this particular specimen is somewhat sharper struck than most, only a slight weakness at the tip of eagle's right wing rather than the considerably larger weakness generally seen). Scott Cat. states "Obverse almost always weakly struck. Unique in strictly Unc., EXCESSIVELY RARE IN E.F., EXTREMELY RARE IN V.F." This CHOICE SPECIMEN is therefore "EXCESSIVELY RARE". It is the second rarest date half dime, being next in rarity to only the 1802! In this remarkable condition, it should be worth about	1,750.00

1845 OVER 1843?

845. 1845 ENTIRE DATE RECUT, Acquired as "1845 OVER 1843". Careful examination with a strong glass reveals that the underlying portions of the numeral under the 5 more closely resembles a 3 than a 5, THIS CHOICE SPECIMEN IS SHARPLY STRUCK with only slight friction. The Scott Catalog lists the 1845 Over 3 with the comment, "UNVERIFIED. R8 (only 2-3 known)" Wayte Raymond in the **Coin Collector's Journal** 1958, which contains **U.S. Half Dimes** by Walter Breen states on page 13, "V-5 '1845/43'. Neil's variety No. 3; Neil Sale, lot 1612; Menjou 114; Newcomer 2269, ex Newcomb, ex H. Chapman, The Newcomer inventory claimed only two were known of this. The plate does not show the "overdate" too clearly. Whatever it is, it is not a mere re-cut date. No. 32, NSB list of overdates, Feb. 1955." The owner had it valued at "four figures". Until more study is done about this interesting coin, we hesitate to evaluate it.

848. **1849 OVER HORIZONTAL 6?** Acquired in 1964 as such at \$500.00. We have carefully examined this under a strong glass and there is considerable evidence to back up this claim. It is a CHOICE SHARPLY STRUCK SPECIMEN with only the faintest friction detracting from its glittering bluish golden surface.

1109.	1922 "PLAIN" Reddish Brown Uncirculated, usual light struck motto and LI (characteristic of genuine specimens) but sharp date and ABSOLUTELY NO SIGNS OF A "D"! Sharp Struck reverse. The RAREST AND MOST DESIRABLE OF THE 1922 "PLAIN" DIES! Very faint rubbing and pinpoint nick visible under strong glass. Dealer Craig (San Francisco) who made a specialized study of the 1922 cents (published Coin World Aug. 30, 1967—copy enclosed) informs us that he sold an uncirculated specimen from the rare dies then at \$1,900.00 and one from the usual offered dies at \$900.00. He lists "FOUR varieties of 1922 Plain cents; three different obverse dies and four different reverse dies. One obverse die which was used with two reverses, is regarded as having been sent from Philadelphia to Denver with no Mint mark punched on it at all. The other two obverses, each with its own separate reverse, started out with Mint marks but each one was polished or "lapped" so many times to eliminate clash marks that the Mint letters eventually wore down to a micro dot or spot, sometimes invisible to the naked eye." The present Guidebook lists the usual offered dies unc. at \$700, therefore an uncirculated specimen from these rare dies should be worth close to \$1,500.00. The specimen now being offered, while not perfect, is one of the choicest we have seen from these rare dies!

HALF CENTS

1123. 1793 FLOWING HAIR, BUST LEFT, basically Extremely Fine but has rough surface. Should bring V.F. price of 1,100.00
1124. 1794 BUST RIGHT, VERY RARE VARIETY WITH LOW DATE (G-7). Very Fine (some portions E.F., V.F. & about V.F.). Acquired as "CONDITION CENSUS" which it could very well be. VERY RARE. Easily worth 500.00
1125. 1795 Plain Edge, No pole, About Very Fine (some portions sharper than others, tiny edge nick). SCARCE. Catalogs 275.00

1796 CHOICE HALF CENT

1126. 1796 Pole to Cap, bought as "Extra Fine and Extra Rare", however the coin is a bit uneven in the distribution of the wear due to its being struck a shade from perfect centering. Typical die failure, but early state with only LF of HALF beginning to weaken, chocolate brown-steel blue color. The "Missing Date" in most collections. One of the Choicer of the few known specimens! Envelope has "Page 3095 Numismatic Scrapbook, California \$7,750.00". This coin has reposed in this collection for several years (at least 3 that we know of, & probably longer). Present value?
1127. 1797 Plain Edge, with RARE LOW BUST (from the same dies as the lettered edge type). Obverse Fine to Very Fine (struck slightly off-center); reverse basically about very fine but eroded. The Scott catalogue indicates this type to be much rarer than the "common" plain edge & values it about 60% more. The current Guidebook values "common" plain edge in fine at \$160 & V.F. at \$275, this rarity should therefore be worth around 300.00
1128. 1797 Plain Edge, usual centered head, Fine; reverse surface a bit rough. Catalogs Fine 160.00

1141. 1808 OVER 7 Obverse Near Uncirculated with 2 pinpoint nicks; Reverse Near Uncirculated with characteristic weakly struck "OF" and neighboring tip of leaf. ONE OF THE NICEST SPECIMENS WE HAVE ENCOUNTERED IN RECENT YEARS! PROBABLY "CONDITION CENSUS"! A Popular date and VERY RARE IN THIS CHOICE CONDITION. Well worth owner's valuation of 700.00

This coin has the identifying minute mark at 12th star (when closely examined with glass) mentioned by Stacks in describing the Brobston specimen sold by them January, 1963 at \$700.00. Surely now, 9 years later, this remarkable specimen worth over	1,000.00

F735 THE RAREST \$1 FEDERAL IN SUPERB CONDITION!

1287. MINNEAPOLIS F735 TEEHEE-BURKE, COOK-YOUNG. NEW CRISP, SUPERB! The rarest \$1 note by far! Wm. Philpot, the outstanding authority on paper money, spent nearly half a century assembling a complete set. Since he was actively collecting them when they were issued(and since then) he was in a unique position to assemble them all in SUPERB condition. This he was successful in doing with the sole exception of this F735, of which the choicest specimen he could find was in extremely fine condition. F735 is rare in any condition, but in this remarkable condition it is EXCESSIVELY RARE! A careful perusal of offerings in the past 50 years indicates that two or possibly three "new" specimens have been offered (one possibly a reappearance of one of the two offered previously. We note the valuation of one was \$1,500 to \$2,000.00" Friedberg values "new" notes at a **minimum** of double that for very fine, with the premium for "new" increasing for those with fewer known "new" specimens in comparison with very fine. The ratio of known "new" specimens compared to used specimens for F735 places F735 at the head of the list for a premium for new compared to very fine. Theoretically (based on comparative rarity) this figures out to about 5 times the V.F. price of \$700 ,but to be conservative, it surely should be worth over three times the very fine price or \$2,100.00. In addition, the premium for a SUPERB note (this could well be "THE FINEST KNOWN") would surely send its value to over 2,500.00

1858 "MICROSCOPIC LETTERS" CENT

- 1632—1858 "MICROSCOPIC LETTERS" much smaller than usual "small letters" variety, Brilliant Uncirculated. The only other specimen we have seen was several years ago at \$500; this one probably now worth over 600.00

1865 OVER 4 CENT

- 1633—1865 OVER 4, fancy curve-top 5, corner of 4 projects left of ball of 5, **UNCIRCULATED RED AND OLIVE**. Acquired some years ago as "SECOND ONE KNOWN" and valued then at \$2,500.00. It is our understanding that several more specimens in lower grades have since been discovered which would probably make it a "Rarity 7" (at least 4 known). **It is certainly many times rarer than the 1858 OVER 7, 1856 Flying Eagle or 1869 OVER 8 cents!** The Guidebook now lists the 1888 OVER 7 and we note a specimen was advertised by a leading dealer at several thousand dollars. What this remarkable specimen of the 1865 over 4 will now bring, your guess would be as good as ours.

1867 OVER SMALL 7, 1869 OVER 8, 1894 TRIPLE-CUT DATE CENTS

- 1634—1867 OVER SMALL 7, Uncirculated reddish olive. **RARE**. Most of the known specimens are circulated. What few uncirculated specimens we have seen over the years have been valued at \$500 to 1,000.00
- 1635—1869 OVER 8, **RED UNCIRCULATED, SHARP STRUCK GEM! VERY RARE SO CHOICE. WE CANNOT RECALL SEEING A COMPARABLE SPECIMEN!** 1,000.00
- 1636—1894 TRIPLE CUT DATE with triple-cutting particularly outstanding on the "4", Red Uncirculated. Have seen specimens during the last decade valued \$100 to \$500.00. Present value?

\$2 1918 FEDERAL RESERVE BANK NOTES — CHOICE SET

Those who have been searching for these notes in choice condition for a number of years will recognize their rarity. Our records kept for quite some years reveals that many of the prices listed in the catalogs for "new" notes are theoretical since "new" condition specimens have not been offered for some notes for a number of years.

- 1641—\$2 F-759 CLEVELAND, Elliott-Burke, Davis-Fancher, new, crisp, **SUPERB!** Our records indicate that fewer choice specimens of this signature combination have been offered in recent years than F-757.

- 1642—\$2 F-760 RICHMOND, T-B, Keesee-Seay, desirable PLATE 1 & # 10, new, crisp, **SUPERB! VERY RARE!** How many years since you have seen a comparable specimen offered? Our scale of values based on rarity, supply, demand and desirable features adds up to 510.00

- 1643—\$2 F-765 CHICAGO, T-B, McCloud-McDougal, new, crisp. Catalogs 1968 (Frdbg.) at \$80 but the last specimen we noticed offered at auction realized more.

1649—\$500 F-1132 NEW YORK, Burke-Glass, new, crisp, SUPERB! The last \$500 note to appear in our sales was on San Francisco and was "near new, crisp". It realized \$1,325.00. Judging from the number of want-lists we have for a choice specimen, this should realize somewhat more.

\$5 1914 FEDERALS

A specialized collection including a number WHICH ARE APPEARING FOR THE FIRST TIME IN ALL OUR 295 SALES! We do not know of a single complete collection of these, particularly in choice condition! It therefore follows, that prices listed in the various catalogs for a number are "theoretical" rather than based on any records of actual notes sold.

TRANSITIONAL COINS - CENTS

This collection is an attempt to assemble a complete set of 36 pieces as published on page 14 of March 9, 1961 Coin World in an article titled "TRANSITIONAL COINS DESCRIBED AND PRICED" by Q. David Bowers. This 11 year old article accompanies this collection, so we are able to quote from it. The few transitionals included in the patterns in our November, 1971 sale realized prices indicating a renewed interest in this field. A check of prices fetched in other recent sales and offerings reinforces our conclusion of a marked rise in prices taking place. The 2½ year old Fourth Edition of the Judd pattern book appears to be obsolete in a number of instances. In fact, sufficient price changes have since occurred in Transitionals and other patterns to warrant a new Fifth Edition. All are in the metal adopted for circulation except for the gold (which are "impossible" to obtain in solid gold).

The article defines Transitionals as follows: "A transitional coin is a coin struck from dies of an adopted type in the year(s) just before the type was adopted for regular circulation; or a coin with one die of the adopted design and the other of a design adopted shortly afterwards. This immediately differentiates transitional coins from the series of patterns which consists largely of unadopted designs."

"For many years most transitional languished in obscurity. The transitional coins fortunate enough to be listed in the Guidebook and its contemporaries were eagerly sought after."

"Such listed transitionals include the 1856 flying eagle cent, 1859 and 1860 dimes and half dimes, 1836 reeded edge half dollar and the 1849 double eagle. Other transitionals, equally deserving and equally important, were forgotten entirely."

1825. 1856 Flying Eagle; obverse & reverse as adopted in 1857, **GLITTERING BLUISH GOLDEN PROOF!** Valued at \$1,000 in 1961; present Guidebook value 2,500.00
1826. 1858 Flying Eagle; obverse regular die of year with small letters; reverse laurel wreath as adopted in 1859, J-191, **GLITTERING GOLDEN WIRE EDGE PROOF! ONLY 50 STRUCK.** Valued at \$475 in 1961; the one in our November sale realized \$435 and we believe this one will bring closer to 500.00
- 1827 1858 Indian; obverse Indian head as adopted in 1859; reverse regular reverse as used on Flying Eagle, J-213, **GLITTERING GOLDEN WIRE EDGE PROOF!** Valued at \$475 in 1961; it has since then brought \$600 and 650.00
1828. 1858 Indian; obverse and reverse exact type of 1859, J-208, **GLITTERING GOLDEN WIRE EDGE PROOF!** Now included (with the 1856 F.E. 1c) in the Scott catalogue as a regular issue. Valued at \$475 in 1961; it is now worth over \$500 and should rapidly advance.
1829. 1859 Indian; obverse of 1859 as adopted; reverse with oak wreath and shield as adopted in 1860, J-228, **GLITTERING GOLDEN WIRE EDGE & PROOFLIKE SURFACE.** Now included as a regular issue in the Scott Catalogue. Valued at \$200 in 1961; it is now valued the same in the 1971 Scott. We believe the increasing demand will now send this choice specimen over 300.00
1830. 1863 Indian; struck on a thin bronze planchet as adopted in 1864 and later years. No "L" on ribbon. J-299, **GLITTERING RED, PURPLE & BLUISH WIRE EDGE PROOF!** Valued at \$225 in 1961; the one in our November sale realized \$460 and indications are that the continuing strong demand will send it over 500.00

TRANSITIONAL NICKELS - 1865 FIRST YEAR NICKELS

1831. 1865 Shield without rays as adopted in 1867, J-418, **GLITTERING BLUISH WIRE EDGE PROOF!** Listed as **ONLY 6 OR 7 PIECES KNOWN!** Valued in 1961 as "worth at least as much as the 1865 with rays (J-416) (if not more), which sold for \$1400 in the 1959 A.N.A. sale and another piece was recently sold privately for \$2500." The present offering of the 1913 Liberty Head nickel (5 known) at \$100,000.00 should affect the value of this almost equally rare **"FIRST YEAR NICKEL"**. We believe this **HIGHLY SIGNIFICANT** piece to eventually rise to its proper proportionate value of many thousands of dollars as the **"RAREST SHIELD NICKEL"** (only 6 or 7 known compared to 25 of 1867 rays proof which catalogs \$3,500 and 1913 Liberty of which 5 are known; one sold at \$46,000 in 1967 and another now available at \$100,000.00). We confidently expect a "runaway price" as the opportunity to acquire such a remarkable piece cannot occur very often with only 6 or 7 known (including those impounded & off the market). In this era of "Unusual Prices" for "Unusual Coins" (1804 \$1 of which a total of 15 are known, brought \$77,500.00 in 1970) there appears to be no limit to the heights rare and desirable pieces will bring. We remember what happened about a decade or so ago when the 1882 Type 1883 no "Cents" nickel (J-1690) was displayed in a large case by itself, with a well-written story about its background and Rarity As The Rarest Liberty Head Nickel next to the 1913. The display won a prize and the resulting increased demand forced it to rise from \$90 in the 1959 First Edition Judd Pattern Book to \$1,750 in the 1962 Second Edition and \$2,500 in the 1865 Third Edition. This 1865 Type 1867 (J-418) also enjoyed a rapid rise in value from \$60 in the 1959 Judd to \$750 in the 1962 Judd and \$1,000 in the 1965 Judd (7 years ago). This occurred in spite of the fact that **ITS GREAT RARITY PREVENTED IT FROM APPEARING UPON THE MARKET SUFFICIENTLY TO GIVE IT THE PROPER PUBLICITY & INCREASED DEMAND WHICH WOULD RESULT IN IT RISING TO A VALUE COMMENSURATE WITH ITS RARITY AS "THE RAREST SHIELD NICKEL"**.

As stated in the 1961 "Transitional Coins Described And Priced", **"EXTREMELY RARE. NO RECENT BONA FIDE SALES RECORDS KNOWN TO US. WORTH AT LEAST AS MUCH AS THE 1865 RAYS LISTED ABOVE, IF NOT MORE."** The J-416 referred to, as stated early in this lot description, fetched \$1,400 in 1959 and another was sold privately (before 1961) for \$2,500.00. Now, 11 years later, and the renewed interest, anything is possible pricewise, (compare the 6 or 7 known to the 60 listed for J-1690 which catalogs \$2,500 in 1965).

1866 TYPE 1867 NICKEL

1832. 1866 Shield without rays as adopted in 1867, J-507, **GLITTERING BLUISH GOLDEN WIRE EDGE PROOF!** Listed as **9 TO 12 PIECES KNOWN!** Valued in 1961 at **\$1,250.00**. Another with great potential in keeping with the increased interest in this series. It comes up so seldom that it has not had the "exposure" and publicity which occurred with J-1690 (catalogs \$2,500 in 1965) or the 1913 Liberty Head Nickel (displayed & publicized by McDermot & then Bebee at numerous conventions; Bebee bought it at \$46,000.00 at 1967 A.N.A.; Hydeman specimen now being offered at \$100,000.00). The possibilities for rapid rise in value is illustrated by going from \$60 in First Edition Judd in 1959 to \$500 in 1962 Judd and \$1,250 in 1965 Judd. We believe the present strong demand, 7 years later, will send this remarkable piece to over \$3,500.00. This is still somewhat low compared to the 1913 Liberty Nickel; therefore our belief in its "great potential".

1882 TYPE 1883 NO "CENTS" NICKEL

1833. 1882 Liberty, exact type 1883 without "CENTS", J-1690, GLITTERING BLUISH GOLDEN WIRE EDGE PROOF! 1961 "Transitional Coins Described And Priced" states "Extremely Popular. Advertised as high as \$2,500 (July 1959 Scrapbook). The value of this coin has increased tremendously, due to the widespread knowledge of its existence." The 1959 Judd lists it at \$90; the 1962 Judd lists it \$1,750 and the 1965 Judd lists it \$2,500.00. We note the last edition has added "Often seen circulated". This raises the possibility of its inclusion in the regular series for the same reason as the 1856 Flying Eagle, 1858 & 1859 Indians which also occur in circulated condition. When this occurs, "The Sky Is The Limit" as to what its value might be (1913 Liberty nickel; 1804, 1836-39, 1866 no motto dollars; 1859-60 half-dimes & dimes; 1856 F.E. cent). The recent offering of the 1913 Liberty Nickel at \$100,000.00 has sparked renewed interest in this "RAREST LIBERTY NICKEL NEXT TO THE 1913". Our records reveal a page ad in the June 15, 1962 Coin World offering a specimen at \$9,250.00. This price was premature 10 years ago as specimens were sold since then at somewhat less. The present market leads us to venture an opinion that this remarkable piece could now bring between \$5,000 and the premature price advertised 10 years ago of 9,250.00

1860 TRANSITIONAL HALF DIME

1834. 1860 Obverse type of 1859, reverse type of 1860, J-267, BRILLIANT SLIGHTLY GOLDEN WIRE EDGE GEM WITH PROOFLIKE SURFACE! THE CHOICEST SPECIMEN WE CAN RECALL SEEING! Only 100 struck 112 years ago (how many have survived?). Only struck uncirculated with over 90% we have seen in our 39 years as professional numismatists being weak strikes in varying degrees. Not only is the surface much superior but also the striking. Sometimes called "THE COIN WITHOUT A COUNTRY" as the name does not appear on the coin. Included in the Guidebook as a regular coin and listed at \$900 for ordinary (week struck) unc. Since it is a "Type" coin, it has consistently advanced in value. We anticipate the new 26th Edition Guidebook scheduled for release about the time of this sale, will reflect the strong demand by advancing it again. This remarkable "premium" specimen easily worth 1,500.00

1863 TRANSITIONAL QUARTER

1835. 1863 Type adopted in 1866 WITH MOTTO, J-335, GLITTERING BLUISH GOLDEN WIRE EDGE GEM PROOF! Listed by Judd as Rarity 7; the Scott Catalogue is more precise calling it "High R-7", ONLY 4 TO 6 KNOWN! Compare this to the 1866 no motto quarter listed in the Guidebook as "1 known, Hydeman Sale 1961 Proof \$24,500.00". Acquired in a 1969 sale at \$810 (the pedigree lists it as previously selling in 1963 where its rarity was compared to the famous transitional 1865 type 1866 with motto which sold for \$1,500.00 — it sold there at \$860). It is difficult to know what such a piece is now "worth" but its rarity compared to the 1866 no motto and its desirability as a "Transitional" would seem to indicate a value of closer to 1,500.00

1836, 1863 TRANSITIONAL HALF DOLLARS

1836. 1836 Reeded Edge type 1837, J-57, Uncirculated golden, choicer than most. About 1,200 struck and placed in circulation. Listed in Guidebook as "regular" issue. A choice specimen such as this easily worth 400.00

1837. 1863 Type adopted in 1866 WITH MOTTO, J-342, GLITTERING BLuish GOLDEN WIRE EDGE GEM! Listed by Judd as Rarity 7; the Scott Catalogue is more precise calling it "High R-7", ONLY 4 TO 6 KNOWN! Compare this with the 1866 no motto half listed in the Guidebook as "Unique, Hydeman Sale 1961 Proof \$15,500.00". Acquired in a 1969 sale at \$965 (the pedigree lists it as previously selling in 1963 where its rarity was compared to the famous transitional 1865 type 1866 with motto which sold for \$1,650.00—it sold there at \$960). As with the quarter, it is difficult to know what such a piece is now "worth" but its rarity compared to the 1866 no motto and its desirability as a "Transitional" would seem to indicate a value of closer to 1,500.00

1863 TRANSITIONAL SILVER DOLLAR

1838. 1863 Type adopted in 1866 WITH MOTTO, J-345, GLITTERING BLuish GOLDEN WIRE EDGE GEM! Listed by Judd as Rarity 7; the Scott Catalogue is more precise calling it "High R-7", ONLY 4 TO 6 KNOWN! Compare this with the 1866 no motto dollar listed in the Guidebook as "2 Known, Charles Jay Sale 1967 Proof \$15,000.00". Acquired in a 1969 sale at \$1,000 (the pedigree lists it as previously selling in 1963 where its rarity was compared to the famous transitional 1865 type 1866 with motto which sold for \$1,975.00—it sold for \$1,250). As with the quarter & half, it is difficult to know what such a piece is now "worth" but its rarity compared to the 1866 no motto and its desirability as a "Transitional" would seem to indicate a value closer to 1,750.00

TRANSITIONAL GOLD \$5-\$10-\$20 1865 TYPE 1866

1839. 1865 Type adopted in 1866 WITH MOTTO, J-446, gold-plated copper (J-445, the gold has only 2 known of which 1 is in the Smithsonian; it catalogs \$5,000) BRILLIANT WIRE EDGE CHOICE PROOF! Listed as R-7! Based on rarity and demand as a "Transitional", we feel this should be worth over 1,000.00
1840. \$10 1865 Type adopted in 1866 WITH MOTTO, J-450, gold-plated copper (J-449, the gold has only 2 known of which 1 is in the Smithsonian) BRILLIANT WIRE EDGE CHOICE PROOF! Listed as R-7. Based on rarity and demand as a "Transitional", we feel this should be worth over 1,000.00
1841. \$20 1865 Type adopted in 1866 WITH MOTTO, J-453, gold-plated copper (J-452, the gold has only 2 known of which 1 is in the Smithsonian) BRILLIANT WIRE EDGE CHOICE PROOF! Listed as R-7. Based on rarity and demand as a "Transitional", we feel this should be worth over 1,000.00

"UNLISTED 1838 GOBRECHT HALF DOLLAR"

1842. From our November, 1967 sale described "1838 UNLISTED, similar to J-78 but PLAIN EDGE, high wire edge, red and bluish prooflike surface, copper. Liberty Seated, No Drapery from elbow, reverse eagle holding olive branch and four arrows. ACQUIRED AS "UNIQUE—UNKNOWN TO JUDD" several years ago at \$2,000.00." It realized \$1,425.00. Present value?

"UNIQUE 1839 GOBRECHT HALF DOLLAR"

1843. From the same sale described "1839 J-95, acquired from 1964 A.N.A. sale (lot 279) as follows: "Judd 95, 1839. Bust of Liberty facing right (GOBRECHT DESIGN). Reverse, type of 1838 regular dies with medium-size letters. UNIQUE IN TYPE AND VARIETY. The listing in Judd's book is based on this specimen. We do not know of another existing. Light blue and steel toned PROOF. When Dr. Judd published his book, he conservatively listed this at \$2,500.00. We believe its present value to be \$6,000.00 to \$7,500.00." \$4,250.00 was paid for this coin at that sale; maybe now, three years later, it will realize the then estimated value of \$7,50.00". It fetched \$5,500.00 then in 1967; we believe it will now top the nearly 5 year old estimate of 7,500.00
